

Pioneer Carts

Simple Virtual Care!

TeleMate™ Mobile Tablet Cart is designed for Telehealth in a post-COVID-19 world. The lightweight mobile tablet cart is sturdy, flexible and affordable. TeleMate™ is a simple solution to enable Family Engagement, Resident/Patient Communication and Virtual Doctor Visits.

TeleMate™

TeleMate Pro-2™

Simple - Adaptable - Affordable

Ergonomic and Hands Free

The CarisTouch Touchscreen Computer is battery operated and provides power for a full 8-hour shift offering uninterrupted workflow for care providers. No cords hanging down or technology plugged in to charge eliminates dangerous tripping hazards, keeping your staff and your residents safe from falls.

Simply Configurable

The Mobile Workstation is slim and lightweight allowing for easy one-handed mobility. The workstation and the touchscreen computer can be adjusted up to a height of 19" for optimal viewing. Additional accessories are available to customize for your caregiver's working needs.

Modular and Adaptive

The compact base system consists of 4 wheels (2 front locking) designed to remove the possibility of tipping over. The cart is compact for ease of storage and is ideal to provide you with enough working space to allow you access to your EHR or EMAR while on the go!

Medical Grade Tough

Pioneer Tablets are ruggedized, offer anti-microbial housings, screens that can withstand millions of touches and fully-sealed to protect from dust and liquid spills. Pioneer technology is specifically designed for a long life in Healthcare.
